U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
on MARCH 20, 1977
 - Export Shipments in
Current Marketing Year
 - Daily Sales Reported
MARCH 21 - 27, 1977
- As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

EXPORT SALES REPORT

Comments on release of March 31, 1977 (based on reports from exporters for the week ending March 20, unless otherwise noted):

Soybeans: Sales activity continued strong as the EC added significantly to their earlier purchases. Japan, Canada and Romania were also in the market. The USSR reduced its purchases by 69,500 metric tons (MT). Optional origin sales to the Peoples Republic of China of 200,000 MT and 190,000 MT for delivery during the 1976/77 marketing year (MY) and 1977/78 MY, respectively, were reported under the daily system. These optional origin sales may be supplied in full or in part from the large Brazilian crop. Brazil is expected to resume registration of fixed price sales this week after having suspended export registration on March 11, 1977. Indications are that due to high international bean prices, Brazil may emphasize bean exports rather than products until the 1977 crop enters the market.

Wheat: Sales activity continued sluggish, running the lowest of the current MY. Japan and Taiwan were the only significant buyers. Poland, the Philippines and Brazil made additional purchases for MY 1977/78. Iran added significantly to their purchases of White wheat as reported under the daily system. Purchases included 274,850 MT for 1976/77 and 209,822 MT for 1977/78 delivery. Volume of exports remains light.

Corn: Activity continued modest with significant sales to Japan, Taiwan, Korea and the European Community. Numerous assignments of specific destinations were reported on earlier sales to unknown destinations, with the European Community the principal beneficiary. Sales for the 1977/78 MY increased as Japan and the Netherlands added to existing balances and new sales were made to unknown destinations. The rate of exports continued to improve, exceeding one million MT for the first time in 8 weeks.

Grain Sorghum: Sales activity picked up from last week's reduced level. Mexico accounted the bulk of the new business. Honduras' purchase of 10,300 MT was their first for the 1976/77 MY. Optional origin sales for 1976/77 rose by 107,900 MT as Japan added to their purchases.

Rice: This week's highlight is the report of a long awaited rice sale to Iraq. This sale of 14,900 MT of milled long grain along with 6,800 MT to Iran was shifted from unknown destinations and shipped. The EC was the only other significant customer. Nicaragua's purchase of 3,500 MT was their first for the MY. Canada, the only country so far to purchase for 1977/78 MY delivery, added to their earlier purchases. Exports picked up, totalling the heaviest in 12 weeks.

Cotton: Sales activity totalled 110,000 RB with 55,000 RB each for MY 1976/77 and MY 1977/78. Korea was the major buyer for MY 1976/77 and Hong Kong for MY 1977/78. Exports continued large as 138,900 RB were shipped, principally to Korea, Japan, Europe and Hong Kong.

Soybean Oil: India's purchase and subsequent shipment of 9,500 MT under PL-480 was the major feature for the week. Smaller quantities also were shipped to Mexico, Panama and Colombia.

Cottonseed Oil: Sales of 10,000 MT to Egypt and 2,000 MT to unknown destinations represented most of new sales. Exports included 7,000 MT to Egypt, 2,500 MT to the EC and 2,500 MT to unknown destinations.

Barley, Oats, Soybean Cake and Meal: Showed no significant activity.

SUMMARY OF CURRENT WEEK'S TRANSACTIONS
For Week Ending March 20, 1977

Commodity	:Beginning : : O/S	New : : Sales 1/	Purchases from : : Foreign Sellers 2/	Buy-Backs and : : Cancellations 3/	:Exports 4/	:Outstanding : Sales

1/ Includes contract tolerance adjustments. 2/ A separate purchase of a U.S. commodity from a foreign seller, not involved in a cancellation or buy-back of a previously reported sale. 3/ Includes decreases resulting from shifts in delivery period from one marketing year to another, changes from one commodity to another, "buy-backs" of all or part of a contract balance by mutual agreement, and unilateral cancellation by one party which could result in a contract dispute. 4/ Does not include exports for exporter's own account.

Data shown above may not add due to rounding.
